Comprehensive Coverage for 1966-1970 Mopars

This comprehensive guide covers all body styles and models produced during the golden era of Mopars, including:

- 1966-1970 Dodge Charger
- 1966-1970 Plymouth Barracuda
- 1966-1970 Chrysler 300
- And many more iconic models

A Step-by-Step Guide to Success

Embark on a structured journey, where each chapter guides you meticulously through the stages of body restoration:

1. **Initial Assessment:** Conduct a thorough inspection to identify the scope of restoration work required.
2. **Sheet Metal Repair:** Master the art of repairing and replacing damaged sheet metal, ensuring a smooth and dent-free surface.
3. **Rust Removal:** Effectively combat rust, the nemesis of classic cars, using proven methods to prevent its recurrence.
4. **Body Filler and Shaping:** Transform rough surfaces into pristine canvases, utilizing body filler and shaping techniques to achieve a seamless finish.

5. **Priming:** Prepare the body for painting by applying primers that promote adhesion and protect against corrosion.
6. **Painting:** Achieve a flawless finish that matches the original factory colors, using expert painting techniques and color matching tips.
7. **Trim and Assembly:** Mount all exterior components, including chrome, glass, and trim, with precision and attention to detail.
