

Places Named For Speedsters Scorers And Other Sportsworld Citizens

By John W. Robinson

It's hard to imagine a world without sports. They're a part of our culture, our history, and our daily lives. And just like any other part of our culture, sports have their own unique language. We talk about "the thrill of victory" and "the agony of defeat," and we know that "there's no crying in baseball."

But where do these phrases come from? And who are the people behind them?
