The doctor-patient relationship is in crisis. Patients feel rushed, unheard, and often like they're just a number. Doctors are overworked, underpaid, and burned out. This book offers a way to rescue this vital relationship and restore trust between doctors and patients.

In *Rescuing the Doctor-Patient Relationship*, Dr. John Smith draws on his decades of experience as a physician and patient advocate to offer practical advice for both patients and doctors. He shows how to:

- Build trust and rapport
- Communicate effectively
- Make informed decisions
- Navigate the healthcare system

- Resolve conflicts

With compassion and humor, Dr. Smith shows how to rebuild the doctor-patient relationship and create a healthcare system that works for everyone.

What Others Are Saying

"Dr. Smith has written a much-needed book about the doctor-patient relationship. He offers practical advice for both patients and doctors on how to communicate effectively, make informed decisions, and build trust. This book is a must-read for anyone who wants to improve their healthcare experience." - **Dr. Jane Doe, President of the American Medical Association**

"*Rescuing the Doctor-Patient Relationship* is a timely and important book. Dr. Smith provides a roadmap for rebuilding trust between doctors and patients. This book is essential reading for anyone who cares about the future of healthcare." - **Dr. Richard Roe, CEO of the American Hospital Association**
